

Holy Sites Analysis AP Human Geography

You are going to be analyzing various "Holy Site Coordinates" using Google Maps. Follow the instructions below to complete this assignment.

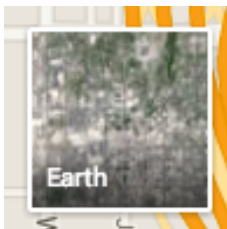

1. Go to Google Maps by clicking on this link: <https://www.google.com/maps/>
2. In the search bar (shown) type in the coordinates of each holy site:

This is the search bar

3. Be sure to click on the "earth" icon for each site to "explore" your site

This is the "earth" icon

4. **ANALYSIS-** For EACH holy site, answer these questions on a SEPARATE SHEET of PAPER.
 - a. ~ What is the name of the site?
 - b. ~ What religion is associated with this site?
 - c. ~ Describe the holy site/place itself and the surrounding area (i.e. How is it organized? What do you see? Architecture/building styles? Colors? Symbols? Signs? People?)
 - d. ~Why is this holy site is located where it is? (i.e. Significance, importance, connection to historical/religious event- use evidence from textbook when possible!)
5. **REFLECTION-** Once you have analyzed all 6 sites, write 1-2 paragraph reflection overall, describing any major similarities/differences you noticed between the places visited!

Site #1: 21.422 N, 39.826 E

Site #2: 31.778 N, 35.235 E

Site #3: 41.903 N, 12.453 E

Site #4: 40.770 N, 111.891 W

Site #5: 55.752 N, 37.623 E

Site #6: 27.469 N, 83.275 E
